

Hubris Minerals - Professional Gold Mining Website

A modern, responsive React website for **Hubris Minerals**, a professional gold mining company operating in the Democratic Republic of Congo (DRC). This website showcases premium gold products, mining services, and demonstrates the company's commitment to ethical sourcing and international quality standards.

🌟 Live Website

Production URL: <https://vperf519p1tc.space.minimax.io>

🚀 Key Features

✨ Technical Stack

- **React 18 + TypeScript + Vite** for modern development
- **Tailwind CSS** for responsive design and styling
- **Framer Motion** for smooth animations and transitions
- **Radix UI** components for accessible UI elements
- **React Router** for seamless navigation
- **TanStack React Query** for efficient state management

🌍 Multi-Language Support

- **50+ languages** supported via LibreTranslate API
- Real-time translation system
- Flag icons for language selection

- Responsive language selector with globe icon

Professional Design

- **Luxury gold-themed** design with HSL color scheme
- **Glass morphism effects** for modern aesthetics
- **Dark backgrounds** with elegant gold accents (#FFD700, #E2A929)
- **Mobile-first responsive** design optimized for all devices
- **Custom animations** with smooth transitions

Complete Page Structure

1. **Homepage** - Hero carousel, services overview, product showcase
2. **Services** - Exploration, sourcing, refining, export services
3. **Products** - Gold bars, nuggets, and raw gold catalog
4. **Minerals** - Technical specifications and quality assurance
5. **About** - Company history, mission, and team profiles
6. **Contact** - Professional contact forms and office locations
7. **FAQs** - Comprehensive frequently asked questions

SEO Optimized

- **Comprehensive meta tags** for all pages
- **Proper heading structure** (H1-H6) throughout
- **Image alt text** for accessibility and SEO
- **Semantic HTML5** elements (`<header>`, `<nav>`, `<main>`, `<footer>`)
- **JSON-LD structured data** for search engines
- **Open Graph** and **Twitter Card** tags

Interactive Features

- **Auto-playing carousels** with navigation controls
- **Animated statistics counters**
- **TradingView widget** for live gold pricing
- **Professional contact forms** with validation
- **Product galleries** with filtering capabilities
- **Smooth scrolling** and hover effects

Installation & Setup

Prerequisites

- **Node.js** (version 18+ recommended)
- **pnpm**, **npm**, or **yarn** package manager

Quick Start

```
# Clone the repository
git clone https://github.com/jusroltd/hubris-minerals-website.git
cd hubris-minerals-website

# Install dependencies
pnpm install
# or
npm install

# Start development server
pnpm dev
# or
npm run dev

# Build for production
pnpm build
# or
npm run build

# Preview production build
pnpm preview
# or
npm run preview
```

Project Structure
